Personal Summary

A passionate Frontend Web Developer (React.js - Next.js), dedicated to clean code, high-performance solutions, and maintainable code. With over 2 years of experience in web development, I specialize in using cutting-edge technologies. Attention to detail and the ability to solve complex challenges are my distinguishing features. I'm always eager to learn new things, and it is my hobby.

Technical Skills:

- **Languages:** JavaScript, TypeScript, HTML, CSS
- **Frameworks:** NextJs
- **Libraries:** ReactJs, Redux, RTK, Axios, React Query, React Router, Next Intl, Leaflet
- **CSS related:** Sass, Tailwind CSS, Styled Component
- **Testing:** Vitest, React Testing Library
- **Git services:** Github, Gitlab
- **Design patterns and principles:** SOLID, DRY, YAGNI
- **Control version:** Git
- **Web platform technologies:** PWA, REST api

Management and Team Skills:

- **Team space tools:** Jira, Trello
- **Effective communication**
- **Outcome-oriented mindset and decision-making**
- **Time management and prioritization**
- **Cross-functional collaboration**

Work Experience
